Richmond Chapter Indorses Currency Measure, With Exception of Certain Provisions.

The Richmond Chapter of the American Institute of Banking, an organization made up of the officers and employees of the various banks of the city, was addressed last night by Mr. William L. Royall on the currency question. The meeting convened in the Fraternity Hall, No. 215 West Broad Street.

Mr. Royall spoke on the currency question in general, reviewing the history of the finances of the United States from the time of Andrew Jackson to the present. The merits of both the Aldrich and the Fowler currency bills were also discussed. As to the issuance of notes by the State banks, Mr. Royall expressed the belief that from long usage the people had become so wedded to United States bank notes that it would hardly be possible to reconcile them to the State bank issues.

## COCAINE CROOKS SENT TO PRISON

First Convicted Under New Statute Drew Limit of the Law.

## PLEADED THEIR OWN CAUSE

Heavy Sentence Likely to Break Up Drug Traffic, Which Thrived Heretofore.

Unable to explain the possession of a large amount of cocaine, Ernest Harrison and Mary Russell, two of the colored "coke" dealers of Richmond, were convicted in the Hustings Court yesterday, each getting a two-year term in the penitentiary. Calle White, arrested with the pair of crooks, was acquitted. The negroes were the first to fall under the new law.

The long term served to emphasize the drastic provisions of the latest statute, especially by way of comparison with the sentence of S. J. London. The latter was the last to be convicted under the old law. His punishment was fixed at thirty days in jail. He, too, would have received two years had he been arrested a few weeks later. While London is out on bond, pending an appeal, the negroes were led away to prison, the verdict in the Harrison case being changed to service on the public roads.

Talked Themselves to Pen. The negroes did not employ counsel, but relied upon their own smartness to save them from the meshes of the law. They contradicted themselves so often and so rapidly that the proceedings became a comedy. Harrison, the more they talked the less chance they had of freedom. The woman represented the lowest possible type of black humanity.

Judge Witt is determined to use every possible effort to get all the "coke" dealers in the penitentiary.

## FOR RESCUE COTTAGE

## Meeting in Interest of Work to Be Held To-Morrow.

In the West End Rescue Mission, No. 505 West Cary Street, at 9:30 P. M. to-morrow, a meeting will be held in the interest of faith rescue cottage and work among girls. The public are cordially invited to attend these services.

Faith rescue cottage at No. 108 South Reservoir Street was opened in this city more than two years ago. The home is denominational and no committees or organizations are pledged for its support. Mr. Lorenz, a Christian, and Misses Young and Judkins, missionaries, who work for the salvation of young girls, do all without salary or pay of any sort. No charges are made those who receive help in the home. Three meals are served daily.

The home was opened by Mr. C. H. Gootee, of Preston, Md., who was once associated with D. L. Moody in Christian work. Mr. Gootee, who several years ago was converted from a wayward life, is a man without means, and has depended, he says, upon prayer and faith to support not only the rescue home, but two other missions in this city and one in Japan.

## CLUBS APPLY TO-DAY

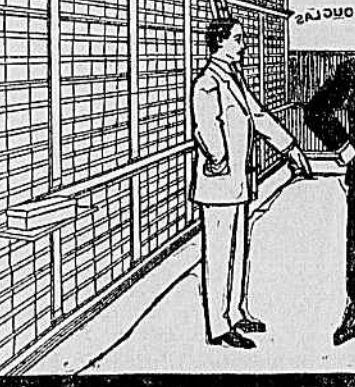

## Last Call for Those Which Are Seeking Liquor Licenses.

Unless the clubs of Richmond formally and publicly apply to-day for liquor licenses, they may not be able to dispense refreshments hereafter, under the provisions of the Byrd law. Notice of the application must be posted in front of the Hustings Court and otherwise published. Every club to which a license is granted is required to give bond in the sum of \$5,000, which may deprive many of the much-room type of their chief means of support. Judge Witt will grant and reject the applications on April 27th.

Notice has already been given that Judge Witt will be prepared on April 21st to grant licenses to five saloons. At that time the citizens who have complained against certain establishments will be heard.

## UNION THREAT AGAINST MAYOR

Personal Cards Did Not Have Label on Them, and Representative Got Busy.

## PLEADED THEIR OWN CAUSE

Flurry in Labor Camp Quickly Subsided When Situation Was Explained.

Claiming that the Mayor had ignored the union by not having the label on a small number of his engraved visiting cards, a representative of a labor organization notified Captain McCarthy yesterday that he would have to suffer the penalties at the polls. The facts, as the Mayor subsequently explained them, did not justify the attack, he said. Twenty thousand regular election cards, which were delivered to the Mayor yesterday, displayed the union label rather conspicuously, considering the size of the pasteboard.

On the reverse side of the Mayor's personal cards there is an embossed seal of the city. In the left hand corner over his name the words "For reelection 1908-1912, April 14, 1908," are printed in red ink, the cards having been sent through the press several times before the finished product was ready. Captain McCarthy answered the union representative by saying that only 1,000 were ordered, while 20,000 regulation cards, for which he paid, carried the label. His friends added to this by the statement that it was unreasonable to expect the union's insignia on a personal card.

## TO DISCUSS BOND ISSUE

## Committee to Decide on Vote for New Lighting Plant.

Calls were issued yesterday for a joint meeting of the Council Committee on Finance and the Committee on Electricity for Monday night to consider the question of submitting to the qualified voters in the June election the question of a bond issue for a municipal lighting plant. The city Council has already appropriated the sum of \$5,000 to determine the cost of the plant, Engineer E. W. Trafford now being engaged in preparing plans and specifications. Although the Council committed to the project, there is decided opposition to it on the part of some members who are not enthusiastic over the subject of municipal ownership.

When the bond issue proposition was advanced it was believed that it would become a live issue in the campaign, but little or no reference has been made to it by the candidates. The bond issue was proposed by the Council Committee on Finance and the Committee on Electricity for Monday night to consider the question of submitting to the qualified voters in the June election the question of a bond issue for a municipal lighting plant. The city Council has already appropriated the sum of \$5,000 to determine the cost of the plant, Engineer E. W. Trafford now being engaged in preparing plans and specifications. Although the Council committed to the project, there is decided opposition to it on the part of some members who are not enthusiastic over the subject of municipal ownership.

## STORY IS UNTRUE

## Hours at Whitlock's Branch Will Remain Unchanged.

Concerning published reports to the effect that the Whitlock Branch of the American Tobacco Company after Easter will reduce work to four instead of six days in the week, thereby materially decreasing the wages of the 1,500 or more young women employed, Mr. J. M. Dart, general manager of the company, stated yesterday afternoon that the story was absolutely untrue. The report further said that for some time the women had been working only until 2 o'clock in the afternoon. This, also, Mr. Dart says, is incorrect, adding that though many of the large factories have been cutting off their force and reducing their time, the Whitlock Branch has run six days in every week, with the exception of the half-holiday allowed on every Saturday, and that this would be kept up.

## SOLEMN SERVICES OF HOLY WEEK

Palms to Be Blessed and Distributed in Catholic Churches To-Morrow.

## PLEADED THEIR OWN CAUSE

Notable Programs to Be Rendered in Several Episcopal Churches. Famous Priest Coming.

Holy Week, the most solemn period of the year, will be observed by Catholics, Episcopal and Lutheran churches throughout this week commencing to-morrow. Besides the services provided for this occasion by these denominations, special and very beautiful musical programs will be rendered on the feast days, the week ending with the joyous celebration of Easter.

## Week at Cathedral.

On Palm Sunday, as to-morrow is called, commemorating the day when Christ went up into Jerusalem, all the Catholic churches will be decorated with palms, and palm branches will be blessed and distributed among the congregations. On Holy Thursday all the priests of the diocese will assemble in the Sacred Heart Cathedral for the blessing of the oils which will be used in the sacraments throughout the following week. That night the Paschal priest, the Rev. Father Walter Elliott, will conduct the Tenebrae services, after which he will preach a sermon. Father Elliott is one of the most famous priests of a famous order, having fought through the Civil War, and having been taken prisoner and confined in Libby prison. He is well known as a speaker throughout the United States. After Thursday, until Easter Sunday, there will be no instrumental music in the Catholic churches, which will also be bare of decorations.

At 3 o'clock on Friday afternoon, commemorating the time when the Lord carried the cross, the Solemn Stations of the cross will be followed. The Friday night services will be the same as those of Thursday. On Easter morning each man of the cathedral parish will attend early mass at 7 o'clock. The bishop will celebrate Pontifical High Mass at 11 o'clock. This will be followed by a sermon by Father Elliott.

## In Lutheran Churches.

Typical of the services of the entire Lutheran following of the city will be those of St. John's German Church. Memorial to Dr. Menzel.

To-morrow, Palm Sunday, a class of young people will be received by the rite of confirmation into the fellowship of the church, upon confession of their faith. The evening of Holy Thursday will bring an introductory service of prayer and preparation, ending with the confirmation of a class of adults. Good Friday will be observed by two services, both in the German language. There will be preaching at 11 A. M. and the celebration of the Lord's Supper at the 8 o'clock service. Easter Sunday will be observed after the old German custom in the main service of the forenoon. For the young people of the church, an Easter service in English will be held at night. The Holy Communion, in German, will be celebrated, and in English, after the night sermon. The church will be profusely decorated with flowers and palms and musical selections will be sung by the double choir. After to-morrow's sermon in this church, a special memorial service will be held in memory of the Rev. Dr. Menzel, D. D., who died a year ago after a pastorate of twenty-three years. A memorial tablet, erected to him by the members of the church, will be unveiled at this time.

## At English Church.

The Holy Week program at the First English Lutheran Church will be as follows: Palm Sunday—9:30 A. M., Sabbath school. 11:00 A. M., morning worship; subject of sermon, "The Triumphal Entry." 3:00 P. M., the pastor desires to meet the confirmation class. 7:00 P. M., Luther League; subject, "A Good Life." 8:00 P. M., vesper service; subject, "Do It Now."

Holy Week—Services each evening at 8 o'clock, with the following subjects: Monday, "The Deserters"; Tuesday, "The Cashier of a Loan and Trust Company Which Failed"; Wednesday, "The Unconquered Spaniard"; Thursday, "Why Unite With the Church?" Friday, "The Finish," preparatory service. Good Friday, April 17th, a short service will be held at 12 o'clock. The pastor will be at the church from 12 till 3 P. M., and will be glad to talk with anyone who desire to unite with the church.

Easter Sunday—9:30 A. M., the Sabbath school will render their Easter service. 11:00 A. M., the Sacrament of Our Lord's Supper will be administered; reception of members. 7:00 P. M., Luther League; subject, "The Good Life." 8:00 P. M., vesper service; Sacrament of Our Lord's Supper and short talks by the pastor.

## In the Episcopal Churches.

Services in the Episcopal churches will also commence to-morrow and continue on each day throughout the week, with special services on Holy Thursday and Good Friday. Sermons fitting to the time will be preached in all the churches, and will be followed by the administration of the Holy Sacrament. The choir will sing the beautiful Easter music. It has been customary at St. Paul's, Holy Trinity, All Saints' and other Episcopal churches to conduct on Good Friday night a musical service, consisting of noted oratorios or other sacred music of a character suitable to the solemn occasion. These services are always attended by hundreds of people of all denominations.

The choir of the Church of the Holy Comforter will render to-morrow at the 5 P. M. service, parts of "The Crucifixion," by Sir John Stainer, and the oratorio, "Olivet to Calvary," by J. H. Merrett.

The choir, which is composed of twenty-six trained voices, has been rehearsing this music for some time past.

The following is the program: Processional, Hymn No. 91, "Ride On, Ride On in Majesty"; Gloria, "Patri, Beethoven, in A; Magnificat, Smart, in E; Nunc Dimittis, Jacob, in D; Hymn No. 601, "O, the Bitter Shame and Sorrow," address by the rector, Rev. John Hallows Dickinson; offertory, "O, So Loved the World" (Sir John Stainer).

Paschal Music.

Excerpts from "The Crucifixion" (Sir John Stainer); excerpts from "Olivet to Calvary" (John H. Merrett), by soloist and chorus; benediction hymn, "Thy Will Be Done"; recessional hymn, "O, Come and Mourn With Me a While." Organist and choir master, R. O. Sainsbury.

Church Notices.

Regular services will be held at the Westover Memorial Baptist Church, Swansboro, Sunday at 11 A. M. and 8 P. M. The pastor, Rev. J. B. Cook, will deliver the morning sermon, and Rev. Mr. Nass will deliver the evening address.

NEWS GATHERED FROM SOUTHSIDE

Council Meets and Turns Down Petition from Physicians of City.

PLEADED THEIR OWN CAUSE

Work Begun on Handsome New Church—Personals and Briefs.

Though important, the meeting of the Council last night was without special feature, every motion, no matter whether it was put with a view to defeating or passing the question under consideration, being unanimously carried. At no time was there a dissenting vote on any subject. Only once was there anything bordering on a discussion, that was when the matter of allowing the Southside Land and Sewerage Company to run sewers through a certain portion of the city, in the vicinity of the source of water supply to the filtration plant, was taken up. Mr. W. W. Poole appeared for the sewerage company, and said that everything would be done in accordance with the views of the City Engineer and the Board of Water Commissioners. Mr. Poole exhibited plans and blue prints which showed that the proposed sewers would run through a narrow strip of land, the width of the strip being about 10 feet, and that on account of the geographical situation it would be necessary for the company to go through the land in question.

Referred to Committees.

Mr. Page, as City Attorney, advised the body to take no action on the matter, but suggested that it be referred to the Board of Water Commissioners and a committee of the Council. Mr. W. B. Bradley wanted to know whether it would be proper to refer the matter to the Board of Water Commissioners, and to have the question referred and reported back to the Council at the next meeting. Mr. Poole was very anxious to have the matter settled at once, but a motion to refer to the Building and Land Committee, to confer jointly with the Board of Water Commissioners, was adopted.

Doctors Turned Down.

Another matter of interest which came up was the petition presented by the doctors asking that the city license be removed. The physicians also presented a letter in which they said that in view of the work they are required to do for the poor, and considering the fact that the Richmond physicians have no license to pay, they thought it only just that they should be relieved.

This question was quickly settled after the reading of the petition. Mr. Bradley moving that it be laid over and Mr. Adkins offering as a substitute a motion that the request be not granted. "I accept the substitute," said Mr. Bradley, and on vote it was unanimously adopted.

Mr. Toney Resigns.

A surprising feature of the meeting was the resignation of Mr. D. L. Toney, which was concise and to the point, being tendered "to take effect at once." Although Mr. Toney did not stand for re-election, there was general regret that he had decided to resign, and Mr. S. Brown said that as there was a great deal of work to be done by the Council, especially by the committees to which Mr. Toney belongs, he hoped that the resignation would not take effect at once.

Mr. Brown then moved that the resignation lay over until the next meeting. He was seconded by Mr. Adkins, and the motion was carried. At the action of Mr. Toney, he signified his willingness to let the matter lie over, and the motion was adopted.

Other Matters.

An ordinance was adopted raising the fees of collector of taxes 10 per cent on personal and 5 per cent on current taxes. The ordinance appropriating \$534.50 for paving and concrete work around the new High School building, corner of Eleventh and Cambridge Streets, was referred to the Finance Committee on motion of Mr. Toney.

The Light Committee was empowered to enter into a contract for street lighting purposes.

The following applications to build were refused: C. Nelson, corner of Tenth and Hull Streets; J. H. Smith, No. 2103 Hull Street, frame building; A. Arvis, No. 2203 Hull Street, frame building.

A letter from Mr. William Northrop, receiver for the Passenger and Power Company, stating that it would not be expedient for that company to construct an electric line to Maury Cemetery at present, was read.

Work on New Church.

Work has been commenced on the new house of worship to be built by the congregation of the present Fifth Street Baptist Church, which has grown so largely in membership in the past few years that the present structure is inadequate. The new building, which will be located at the corner of Ninth and Decatur Streets, and which will be erected at a cost of between \$15,000 and \$20,000, will be, when completed, one of the handsomest of its kind in the city.

The work thus far begun is only upon the Sunday school room, but when this is finished it is thought that the church will be in a position to complete the whole. In the meantime the Sunday school room, which has a seating capacity of about 500, will be used for the church service.

The growth of the Fifth Street Church has been remarkable. It started as a mission, and two years ago had a membership of 300. Now the congregation numbers 448, and new members are being taken in daily, every forty being converted at a recent revival.

The Sunday school portion of the new building will cost about \$7,000, of which sum \$4,000 has already been subscribed. This is an excellent start considering the fact that the new rectory, which was built at a cost of \$4,000, has just been paid for.

The name of the church will have to be changed when the congregation moves, but so far no name has been adopted.

Regular services will be held at the Westover Memorial Baptist Church, Swansboro, Sunday at 11 A. M. and 8 P. M. The pastor, Rev. J. B. Cook, will deliver the morning sermon, and Rev. Mr. Nass will deliver the evening address.
